AMENDMENT UNDER ARTICLE 19

Sir/Madam:

Pursuant to Article 19, please amend the above identified PCT application as follows.

IN THE CLAIMS

Please amend Claim 1. The amendments to the claims are shown below where deleted material is indicated by strikethroughs and new material is underlined.

1. (Amended) A method for asynchronously accessing supplementary media content based on broadcast media content received from a broadcast signal for use with a handheld device, comprising:

receiving trigger information extracted from the broadcast media content;

obtaining supplementary media content from a disparate source of media content; and

accessing the supplementary media content based on the trigger information, wherein said accessing occurs asynchronously, without simultaneous connection to a source of the broadcast signal and the disparate source of media content during said accessing.
